WHAT A PHYSICIAN SAYS.

Creame Rings, Monnos Co., Ars., July 23, 1883.

I have a bright little daughter who will be two pears old next mouth. She has been troubled nearly ever since her birth with a skin disease, which I first diagnosed chicken pex, bet later found it to be some a ri of exessas at any rate it resisted very stabbornly all the different treatments. I procured one bottle of Swift's Specific, and gave it to her in small does three times a day, and in a short while had the satisfaction to see that she was entirely well. I am so well pleased with its effect on her that I shall not only use it is my practice, but I shall administer it to my other children and take it myself.

W. E. BRONTE, M.D.

Our treaties on Ricod and Skin Diseases mailed free to applicable.
